You know the costly problems associated with theft.

*** Labor * Material * Frustration * Safety Issues *
* Liability * Budgets * Productivity * Compensation *
Let O.E.M. Hardware show you how we've solved this problem!**

O.E.M. Hardware's **ULTRA-LOCK**® "KEYED" BOLTS are unique for many reasons, the most important feature is your own key to the bolt.

- * Made from the HIGHEST grade STAINLESS STEEL.
- * Repels the toughest ATTACKS.
- * Drivers are NOT commercially available.
- * Available in all sizes
- * All Head styles : Button, Pan, Flat, Oval etc.

MORE THAN A SECURITY SCREW IT'S AN ULTRA-LOK[®] "KEYED" BOLT.

Patent-pending **ULTRA-LOK**® encrypted key way drive, transforms the screw into a security lock. The exclusive geometry for the **ULTRA-LOK**® comes with a key code that is assigned to the user and can only be duplicated for the registered user. These security key fasteners are designed to prevent unauthorized duplication and ***no existing tool set will fit them.***
